FEEL GOOD

## INDOOR POOL

Admission alone is an experience in itself: Glass façades give an unobstructed, expansive view of the outdoor facilities with the park landscape behind and almost make you forget that you are in an indoor pool. A beautifully curved wooden slat ceiling rounds off this natural impression and lends the pool a stylish warmth.

## OUTDOOR POOL

You can fully enjoy the beautiful, spacious park here. Shady trees are interspersed with well-kept lawns for sunbathing. There are no limits to the swimming and bathing fun: Swim your lengths in the 50-metre pool or glide down the wave slide and splash into the water with momentum. Inexperienced swimmers or those who simply want to relax and splash about to cool off on hot summer days will have a good time in the large non-swimmer pool.

## SAUNA & WELLNESS

The sauna area is a world of its own in the leisure pool and an oasis of calm and relaxation. You can choose between 6 unique sauna and steam baths, in which the sauna team will take care of your well-being with our relaxing wellness and activity programme. Look forward to salt and sugar treatments, singing bowl ceremonies and exclusive infusions.

### Adventure world

It doesn't matter whether you like it sporty or relaxed, there are several pools to choose from for the ultimate bathing fun: A 25-metre pool, a separate diving pool with three towers, a pool for swimming lessons, an adventure pool with a lazy river, massage jets and bubble loungers. And of course, there is a separate shallow children's pool for the little ones.

### World of sport & games

For the youngest bathers there is a water and mud playground and a children's paddling area. And playing ball is not just restricted to the water: Next to the meadow, really sporty people will find a specially designed football field, two beach volleyball courts and ping pong tables.

As we all know, exercise makes you hungry and thirsty, so there are of course plenty of large and small tasty treats available outdoors.

The absolute highlight for all young and young-at-heart bathers is the 65-metre tube slide. For a culinary break in between, the pool restaurant offers a wide range of delicious dishes and drinks in a cosy ambience with a view of the pool.

### World of well-being

In between and after the treatments you can relax in one of the many quiet zones, or in the sauna garden when the weather is nice and warm. Tasty dishes, healthy food rich in nutrients and delicious drinks await you in the stylish ambience of the sauna catering area "Vitalbar and Restaurant".
